CHANCE FOR TITLE

With wins in both very heavy and very light air, he has some reason to believe he has a chance to repeat his worlds' title, which he last won when racing for Denmark.

The next time an international fleet, assembles here it will be the 1976 Olympics. And there are quite a few who, despite repeated runs at it, still sold a strong concern for the manner in which it will be executed.

One of the big hang-ups is security. The sport has become secondary to the political implications of anything going wrong.
